

Appendix: Wound care products

THERAPEUTIC GOODS ADMINISTRATION

The TGA classifies wound care products into four groups, with specific requirements applying to each group. Goods contained in Groups 1–3 require listing, while goods in Group 4 are exempt from listing.

Further information can be obtained from:

- Mail: TGA Communications Section, PO Box 100, Woden ACT 2606, Australia
- Phone:
 - 1800 020 653 (freecall within Australia)
 - 02 6232 8610 (for publications enquiries)
 - Users who are deaf or have a hearing or speech impairment can call through the National Relay Service:
 - * TTY or computer with modem users phone 1800 555 677 then ask for 1800 020 653
 - * Speak and listen (speech-to-speech relay) users phone 1800 555 727 then ask for 1800 020 653
- Fax: 02 6232 8605
- Email: info@tga.gov.au

DRESSINGS PRODUCTS

Gauze and non-adherent pads

Cutilin	Smith & Nephew
Interpose	Multigate
Mediam	Sentry Medical
Melolin range	Smith & Nephew
Release	Johnson & Johnson
Tegaderm Contact Layer	3M
Telfa range	Covidien
Tricotex	Smith & Nephew

Impregnated contact layer

Adaptic range	Johnson & Johnson
Atraumann	Paul Hartmann

Cuticerin	Smith & Nephew
Curity	Kendall
Grassolind	Paul Hartmann
Hydrotul	Paul Hartmann
Jelonet	Smith & Nephew
Tegapore	3M
Urgotul range	Link Medical Technologies / Urgo Medical
Vaseline gauze	Covidien/Kendall
<i>Film dressings</i>	
Bioclusive	Johnson & Johnson
Cutifilm	Smith & Nephew
Hydrofilm range	Paul Hartmann
Mepitel Film	Mölnlycke
Mepore range	Mölnlycke
Opsite range	Smith & Nephew
Polyskin range	Covidien/Kendall
Suprasorb F	Lohmann & Rauscher
Tegaderm range	3M
<i>Foam dressings</i>	
<i>Polyurethane</i>	
Advasorb range	Advancis Medial
Alione	Coloplast (hydrocapillary with hydrocolloid layer)
Allevyn range	Smith & Nephew (Hydrocellular)
Askina range	B Braun
Activheal range	Trans-Pacific Healthcare
Hydrasorb/Copa range	Covidien (Kendall)
SupraSorb P range	Lohmann & Rauscher
Tegaderm Foam	3M
Trufoam range	Unomedical
Urgotul range	Urgo Medical / Link Medical Technologies (CMC)
UrgoStart	Urgo Medical/Link Medical Technologies
Versiva range	Convatec (with hydrofibre and hydrocolloid border)

*Polyurethane hydroactive***Biatain range****Cavicare****Cutinova Hydro+****PermaFoam range****PolyMem range****Tielle range**

Curafil gauze	Covidien (Kendall)
Intrasite conformable	Smith & Nephew

Gel coated

HydroTac range	Paul Hartmann
-----------------------	---------------

Hydrocolloid

Activheal	Trans-Pacific Healthcare
Algoplaque range	Urgo Medical/Link Medical Technologies
Askina Biofilm Tansparent	B Braun
Comfeel range	Coloplast
DuoDerm range	Convatec (includes a stomadhesive and a woundcare product)
Hydrocoll range	Paul Hartmann
Nu-Derm range	Johnson & Johnson
Replicare range	Smith & Nephew
Restore range	Hollister
Suprasorb H range	Lohmann & Rauscher
Tegaderm Hydrocolloid range	3M
Ultec range	Convidien (Kendall)

Alginate

Activheal range	Trans-Pacific Healthcare
Algisite M range	Smith & Nephew
Algoderm range	Johnson & Johnson
CalciCare	Hollister
Curasorb range	Covidien (Kendall)
Kaltostat range	ConvaTec
Melgisorb range	Mölnlycke
SeaSorb range	Coloplast
Sorbalgon range	Paul Hartmann
Sorbsan range	Unomedical
Suprasorb range	L&R
Tegaderm alginate range	3M
Urgosorb range	Urgo Medical/Link Medical Technologies

Gelling Fibre

Options available include combined with silver, foam, silicone, and hydrocolloid adhesive.

Aquacel Extra range	Convatec
Durafiber range	Smith & Nephew

*Silicone**Scar management*

Caroskin Professional	Reliance Medical
CiraCare	Smith & Nephew
KeloCote	Advancis Medical/Medigroup
Mepiform	Mölnlycke
Scarban Silicone gel	Reliance Medical

Silicone contact

Adaptic touch	Johnson & Johnson
Advasorb range	Advancis Medical
Askina range	B Braun
Mepilex range	Mölnlycke

Silicone adhesive

Allevyn Gentle range	Smith & Nephew
Allevyn Life	Smith & Nephew
Aquacel Border Form range	Convatec
Askina range	B Braun
Biatain range	Coloplast
Mepilex range	Mölnlycke

Dressings containing silver

Acticoat range	Smith & Nephew
Actisorb Plus	Johnson & Johnson
Allevyn Ag range	Smith & Nephew
Aquacel Ag range	ConvaTec
Arglaes range	Unomedical
Atrauman Ag	Paul Hartmann
Biatain Ag range	Coloplast
Flamazine	Smith & Nephew
Mepilex Ag range	Mölnlycke
Polymem Ag range	Reliance Medical

SilverCel range	Johnson & Johnson
Vliwaktiv Ag	Lohmann & Rauscher
<i>Dressings containing iodine</i>	
Betadine	Mundipharma
Braunol	B Braun
Inadine	Systagenix (Johnson & Johnson)
Iodosorb range	Smith & Nephew
<i>Honey (medical grade)</i>	
Medihoney range	Convita Advancis
Activon range	Medical
<i>Antiseptic dressings</i>	
AMD range	Covidien (Kendall)
Curity range	Covidien (Kendall)
Kerlix range	Covidien (Kendall)
Protosan range	B Braun (contains betaine surfactant)
TenderWet with PHMB	Paul Hartmann
<i>Enzyme Alginogel</i>	
Flaminal Hydro	Aspen Pharmacare
Flaminal Forte	Aspen Pharmacare
<i>Isotonic dressings</i>	
TenderWet range	Paul Hartmann
<i>Hypertonic dressings</i>	
Curasalt range	Covidien
Mesalt (dry) range	Mölnlycke
Hypergel	Mölnlycke
<i>Acrylic dressings</i>	
Tegaderm Absorbent	3M
<i>Specialty absorbent dressings</i>	
Curea	Reliance Medical
Eclipse Foot	Advancis Medical
Exudry	Smith & Nephew
Mesorb	Mölnlycke

Relevo	Reliance Medical
Vilwasorb	Lohmann-Rauscher
Zetuvit range	Paul Hartmann

Dressings with capillary action/Hydroconductive

Advadraw	Advancis Medical (Medigroup)
Vactux range	Medical Specialties (Protex)

Hydrocapillary

Alione	Coloplast
---------------	-----------

Hydrophobic interactive dressings

Cutimed Sorbact range	AMCLA, P/L
------------------------------	------------

Odour-absorbing dressings

Actisorb Plus	Johnson & Johnson
Carbonet	Smith & Nephew
Caroflex	ConvaTec
Lyofom C	Aaxis Pacific
Sorbsan Plus Carbon	Unomedical

Keratin

Keragel and Keragel T	Catalyst Medical
Keramatrix	Catalyst Medical
Kerasorb	Catalyst Medical

Collagen products

Biostep	Smith & Nephew (not available, Australia)
Cellerate RX	Hymed Group Corporation (not available, Australia)
Colactive range	Smith & Nephew (not available, Australia)
Fibracol	Johnson & Johnson
Prisma	Johnson & Johnson
Promogran	Johnson & Johnson
Puracol Plus	Medline (not available, Australia)
Suprasorb C	L&R
UrgoStart	Urgo Medical/Link Medical Technologies

NEGATIVE WOUND PRESSURE THERAPY

Technologies available in Australia

InfoV.A.C., ActiVA.C., V.A.C. ATS., V.A.C.Freedom (foam based), VAC, Veraflo

SNAP	Spiracur

BIOLOGICAL SKIN SUBSTITUTES

Grafts and cutaneous flaps

<i>Classification</i>	<i>Origin</i>	<i>Tissue replaced</i>	<i>Duration</i>	<i>Layers</i>	<i>Brand name: Manufacturer</i>
Allograft	Cadaver skin	Epidermal/dermal	Temporary	Variable	*
Xenograft (porcine)	Porcine	Dermal	Temporary	Biosynthetic, acellular	EZ derm: Brennan Medical
Xenograft cutaneous flaps	Porcine	Epidermal/dermal	Permanent	Variable	*

* available in Australia

Biosynthetic skin substitutes

<i>Classification and type</i>	<i>Tissue replaced</i>	<i>Duration</i>	<i>Brand name: Manufacturer/Distributor</i>
Biological			
Acellular de-epithelialised cadaver dermis	Dermal	Permanent	Alloderm: LifeCell
Acellular freeze-dried human dermal matrix	Dermal	Permanent	GraftJacket: Wright Medical Technology

<i>Classification and type</i>	<i>Tissue replaced</i>	<i>Duration</i>	<i>Brand name: Manufacturer/Distributor</i>
Porcine small intestine submucosa	Dermal	Temporary	Oasis: Healthpoint*
Bovine collagen and oxidised regenerated cellulose	Dermal	Temporary	Promogran: Johnson & Johnson
Synthetic			
Polyurethane membrane	Epidermal	Temporary	Omiderm: ITG Laboratories*
Mixed			
Neonatal keratinocytes, bovine collagen seeded with neonatal fibroblasts	Epidermal/ dermal	Temporary	Apligraf: Organogenesis*
Silicone, nylon mesh, porcine polypeptides	Epidermal	Temporary	Biobrane: UDL Laboratories
Human fibroblasts seeded onto a bioabsorbable polyglactin mesh scaffold	Dermal	Permanent	Dermagraft: Advanced Tissue Sciences Inc.
Silicone, collagen and glycosaminoglycan	Dermal	Permanent	Integra: Integra Life Science*
Bovine collagen sponge seeded with allogenic fibroblasts and keratinocytes	Epidermal/ dermal	Permanent	OrCel: Forticell Bioscience
Silicone, nylon mesh, collagen seeded with neonatal fibroblasts	Epidermal	Temporary	TranCyte: Advanced Tissue Sciences (Smith & Nephew)
Cultured autologous fibroblasts on biomaterial derived from hyaluronic acid	Dermal	Permanent	Hyalograft: Fiolia Advanced Biopolymers

* available in Australia

Autologous, cultured, and non-cultured engineered products

<i>Classification and type</i>	<i>Tissue replaced</i>	<i>Duration</i>	<i>Brand name: Manufacturer / Distributor</i>
Cultured keratinocytes			
Cultured epithelium autograft	Dermal	Permanent	Cell Spray: Clinical Cell Culture*
Cultured autologous keratinocytes	Epidermal	Permanent	Epicel: Genzyme Tissue Repair
Generated in vitro from patient's hair root cells	Epidermal	Permanent	EpDex: Modex Therapeutics

Cultured autologous keratinocytes Hyaluronic acid with laser perforations	Epidermal	Permanent	Laserskin: Fidia Advanced Biopolymers
Non-cultured keratinocytes/ melanocytes			
Autologous cell harvesting kit	Epidermal	Permanent	Recell: Clinical Cell Culture*
Epithelial autograft	Epidermal	Permanent	CellSpray XP: Clinical Cell Culture*

* available in Australia
